

## A NEW INTERNATIONAL EMPLOYEE IN YOUR COMPANY?

**Helsingborg International Connections works in partnership with Helsingborg Municipality to provide a warm welcome to international residents.**

We understand there's a lot to think about when you take on international talent. But don't worry, we're here to help.

HIC runs events in English to support and inform the international community and holds a weekly drop-in session where internationals can ask questions about living, working and studying in the area.

Our social and professional networking opportunities will help your employee to settle in and make new connections as soon as possible!

**Visit our website and find us on social media:**
